

***"Thank you for what you are doing. Learning how to paint has given me my life back."***  
**Zach H., Veteran**

Dear Friend of Our Veterans,

We teach veterans how to paint at their kitchen tables. While learning the basics of watercolor at home might not sound like much, the results can be astonishing. Not only do our veterans end up creating works they are mighty proud of, the change in their confidence, self-esteem and sense of connection can be life changing.

This Giving Tuesday we invite you to be a part of our mission as we raise funds to provide FREE art supplies and instruction to veterans nationwide. Each \$250 provides one veteran with the needed materials that can begin opening the door to whole health. Through your generous donation and the healing powers of art, we can make a difference in the lives of the service men and women who have given us so much.

Sincerely,
